

SUMMER CAMP MAD SCIENTISTS WANTED

Are you seeking a new adventure in Science? Join our growing team of Science communicators (Mad Scientists) whose purpose is to instill passion and excite the future generation of Scientists, Thinkers, Creators and problem solvers.

We're recruiting dynamic individuals with a strong work ethic, capable of delivering our hands on, activity based sessions, fostering a fun and inclusive environment for all. In return for your time and effort we'll reward you with a good remuneration package, excellent experience, and an awesome team to help you reach your full potential.

If you like working with children, want to give back to your community, or have a keen eye for how things work; we'd love to talk to you. If you can inspire primary school children to enjoy the love of exploration and experimentation we can't wait to hear from you.

Join Mad Science South Wales & Bristol today
and unleash the whole world of Science discovery that awaits!
